# Code4*Life* Inter-University IT Virtual Hackathon 2020

Roche is a global pioneer in pharmaceuticals and diagnostics focused on advancing science to improve people's lives. We are delighted to announce that Roche Services & Solutions Operations APAC is inviting tertiary institution students based in Malaysia to our first **Code4Life Inter-University IT Virtual Hackathon 2020**.

Experience real life personal healthcare simulations when working in teams of 1 to 4 persons on technology solutions based on the following two themes: **Healthcare Digitalisation** and **COVID-19**. Here's your once in a lifetime opportunity to work alongside a global diverse team dedicated to making a real impact on the world around us. Guided by Roche mentors throughout the programme, you will also sharpen your presentation and interpersonal skills, as well as deepen your IT and healthcare industry knowledge. The Top Three winning teams will be rewarded with cash prizes of up to **MYR15,000**.

Visit our Code4life website to find out more information Code4Life - Inter-University IT Virtual Hackathon - Roche and submit your registration and proposal by 31st July 2020.

Look out for more information at Roche Malaysia LinkedIn Page.

If you have any inquiries, do not hesitate to drop an email to code4life.hackathon@roche.com.

Register now and submit your proposal by 31 July 2020.

We look forward to having you onboard!
