

BUSINESS, ACCOUNTING AND MANAGEMENT

LEADING THE
DIGITAL
FUTURE

WELCOME TO MMU!

Welcome to Multimedia University (MMU).

Choosing a university is an important milestone that marks the beginning of a meaningful academic and personal journey. At MMU, we are committed to providing an education that not only builds academic excellence but also nurtures character, confidence, and purpose.

Our programmes are designed to prepare students for a rapidly evolving world. Through a strong emphasis on industry engagement, hands-on learning, and innovative teaching, we ensure that our graduates are equipped with the knowledge, skills, and adaptability needed to succeed in their chosen fields.

Beyond academics, MMU offers a supportive and inclusive campus environment where students are encouraged to discover their strengths, pursue their passions, and grow as responsible global citizens. We take pride in fostering a community that values creativity, critical thinking, and lifelong learning.

We look forward to welcoming you into the MMU family and supporting you every step of the way.

Thank you.

Prof. Dato' Dr. Mazliham Mohd Su'ud
President/Chief Executive Officer
Multimedia University

BUSINESS, ACCOUNTING & MANAGEMENT

MMU delivers forward looking programmes in Business, Accounting, and Management that respond to the realities of an increasingly dynamic business landscape. Designed with industry relevance in mind, the curriculum strengthens core business knowledge while developing analytical thinking, practical competence, and sound managerial judgement.

MMU is ranked among the top 201–250 globally for Business & Management Studies in the QS World University Rankings by Subject 2026. In addition, two other fields have made their debut in the rankings, with Social Sciences & Management placed at 401–450 and Economics & Econometrics at 451–500 worldwide.

Offered through the Faculty of Management (FOM) and Faculty of Business (FOB), the programmes evolve in line with market and societal demands, addressing areas such as digital business practices, data informed decision making, sustainability, and ethical governance. Students learn from a blend of academic expertise and industry experience, gaining valuable insight into contemporary business challenges and practices.

MMU places strong emphasis on career readiness through industry engagement, internships, and applied learning opportunities. Graduates emerge well prepared for professional roles across the corporate sector, public service, and non profit organisations, with the versatility to succeed in both local and global contexts.

WHY STUDY BUSINESS, ACCOUNTING & MANAGEMENT AT MMU?

- Collaborations with top companies to provide certification programmes to students
- The only university in Malaysia with a **full-fledged Bloomberg lab** for financial analysis
- Real working assignments for **action-based learning** that exposes students to the industry
- Mentoring environment to nurture future professionals who are accountable and hold highly relevant competencies. Core **Employability Skills** integrated into all programmes
- **Industry-recognised lecturers** who hold advisory positions with global organisations (UNESCO) and Adjunct professors from the industry (Epic Valley, TM)
- Innovative curriculum that embeds **Management Analytics** components and Entrepreneurial thinking in all programmes
- Boost your career prospects with our programmes which include **SAP Certification**

Opportunity for Exemption from Professional Bodies for MMU Accounting Programme

- MMU is ranked among the **top 201–250 globally for Business & Management Studies in the QS World University Rankings by Subject 2026**.

Your success begins here!

Multimedia University (MMU) is a leading university in Malaysia and we are also listed in global rankings namely QS World University Rankings 2026 and Times Higher Education (THE) World University Rankings 2026. At MMU, our diversity is what makes us unique where you will study alongside with approximately 2,300 international students from 84 countries.

Our university also has strong collaborations and engagement with industry partners, providing students with unparalleled opportunities to gain real-world insights and hands-on experience. Through internships, industry projects, workshops, and mentorship programmes, you will be able to apply your knowledge in practical settings, develop professional skills, and build valuable networks that can shape your future career. These partnerships ensure that your learning experience is not only academic but also relevant to the evolving demands of the workforce, preparing you to excel in a competitive and dynamic global environment.

Faced with the challenging demands of a knowledge-based economy, business and management degrees from MMU will definitely hold you in good stead for the future. The unique blend of management fundamentals and knowledge technologies, combined with a commitment to nurturing an entrepreneurial mindset and independent thinking, will help you meet global industry expectations.

RESEARCH-LED INDUSTRY-DRIVEN UNIVERSITY

As a research-led, industry-driven university, MMU organises its research activities under 7 dynamic Centres of Excellence (COE) which are the COE for Advanced Cloud, COE for Artificial Intelligence, COE for Intelligent Network, COE for Immersive Experience, COE for Robotics and Sensing Technologies, COE for Sustainability and Governance, and COE for Business Innovation and Communication.

Within these COEs, various research centres and labs exist to drive the research activities in these COEs and they work seamlessly across labs and COEs to conduct impactful research. These research centres and labs have dedicated physical facilities and spaces as well as administrative and professional support staff.

At MMU, we actively foster strong academia-industry collaborations to ensure our students are industry-ready and future-focused.

Well-rounded Education

Gain a solid foundation in your field while developing entrepreneurial skills and industry-relevant expertise, equipping you to thrive in today's competitive job market.

Industry on Campus

Benefit from direct access to our state-of-the-art labs, established through partnerships with leading global companies such as ZTE, HUAWEI, Microsoft, Intel, MCMC, AGMO Studio and many more.

Industry-Aligned Programmes

Our programmes are carefully designed to meet industry requirements, ensuring that your learning is directly applicable to real-world careers.

Ready For Industry

Ignite your entrepreneurial mindset through start-up initiatives from our Entrepreneurship Development Centre (EDC), giving you the tools and experience to innovate and succeed in real-world industries.

Industry-Leading Alumni

Join the ranks of our alumni who have become trendsetters and leaders in Malaysia's industries, shaping innovation and inspiring the next generation of professionals.

Transform Your Work Experience into Academic Achievement

MMU's Accreditation of Prior Experiential Learning (APEL) recognises your professional experience by converting it into academic credit, allowing access to degree or master's programs without traditional qualifications. This flexible, industry-aligned pathway saves time and cost while leading to a fully accredited qualification respected by employers and institutions worldwide.

PREPARING GRADUATES TO BE INDUSTRY READY AND VERSATILE

Gaining Industrial Experience Via I-CADET

The i-Cadet Programme is an initiative of MMU's Industry-University Partnership Programme, which aims to groom students into industry-ready graduates from the moment they began their degree programmes.

Through this initiative, MMU students would be groomed into industry-ready graduates tailored for their industries of choice. The programme will match students with suitable companies, and then, via a series of meetings and projects, would provide them with the actual working environment within their chosen company.

Developing Well Balanced Graduates Through PERMATA DUNIA PERSONA

MMU is deeply involved with the proper development and realization of human capital potential, as this would enable the university to satisfy the needs of the industries for capable manpower.

Our goal is to produce well-balanced graduates of good character that possess desirable qualities, such as having empathy, sensitivity, creativity, readiness, and resilience, as well as having sufficient technical competence. Such graduates from MMU are referred to as our Permata Dunia, and we are confident that such personages would become capable future leaders for their nation as well as their communities.

We contend that MMU is the best place for student development as we continually strive to bring out the best in each student; we imbue in them with deep knowledge of their respective fields of expertise via lectures, co-curricular activities, development initiatives, and lifestyle choices. MMU is fully committed to making every student's time in the university the best time of their lives.

Expanding Horizon With BYOC

Build Your Own Curriculum (BYOC) is a concept to enable students to imbue additional value into their graduation qualifications so that, upon completion of their studies, they would have better chances of having a career path that is not just financially rewarding, but also fulfilling.

The key to BYOC is allowing students to build curriculum in a guided and yet flexible way. Students may stack up courses based on the free elective slots they have, or by choosing a collective minor package offered by the faculties.

Fostering Future Entrepreneurs through eCadet

Our university is dedicated to nurturing dynamic and resilient student entrepreneurs, empowering them to become founders of high-value startups. Through the eCadet initiative, students will receive early exposure and invaluable insights into the realities of the business world and its ecosystem.

They will have the opportunity to cultivate professional networks, receive expert guidance, and enhance their startup skills by connecting with startups, companies, agencies, and accelerators.

A VIBRANT AND CONDUCTIVE CAMPUS LIFE

Our campus offers a dynamic environment that fosters both academic excellence and a fulfilling student life.

Intelligent and high-tech labs

Convenient and comfortable accommodation (on-campus and off-campus)

Digital libraries

Robo Space Smart Lab

e-Moot Court

HySpace Lecture Classes

Set studio and post-production suite

Extensive infrastructure (campus-wide Wi-Fi, health clinics, mosques, 24-hour security, food & beverage outlets and more)

PERMATA DUNIA TAKES ON THE WORLD

MMU played a pivotal role in shaping my analytical thinking, leadership mindset, and professional discipline. Beyond academic knowledge, MMU instilled in me the confidence to navigate complex challenges, lead with integrity, and continuously adapt in an ever-changing business landscape. The foundation I built at MMU continues to guide my decisions and leadership journey today.

Hazwan Hussein

Bachelor of Accounting (Hons.) 2012

*Chief Operating Officer (COO)
MARDI Corporation Sdn. Bhd.*

MMU gave me more than a degree. It shaped the way I think, adapt, and lead, and became the foundation upon which I built my career across industries and leadership roles. What I valued most was MMU's strong emphasis on practical learning and real-world relevance, which equipped me with the confidence and skills to navigate a fast-changing business landscape.

Today, I'm proud to give back as an Industrial Advisory Panel member, working closely with MMU to help shape industry-ready marketers for the future.

"MMU doesn't just teach marketing — it prepares you to think, adapt, and lead in the real world."

Schrene Goh

Bachelor of Business Administration (Honours) Marketing 2000

*Chief of Commercial,
Malaysia Rapid Transit Corporation Sdn Bhd*

MMU is a place that shaped my presentation skills and leadership skills. I believe that makes MMU graduates one of the highest employment rate universities among all. In the organisation, understanding of job tasks and communicating well for working in a group will be the key factor for success. Therefore, I think during the business course and society activities in campus have nurtured us to be market ready.

Terry Swee Chee Yoong

Bachelor of Business Administration (Honours) (International Business) 2011

Managing Director and Founder of Vesbo Malaysia

FACULTY OF MANAGEMENT

Cyberjaya Campus

Sprawled over 200-acre plot of land, our Cyberjaya campus is home to the Faculty of Management.

FOUNDATION IN MANAGEMENT

(R3/0011/3/0074) 06/29 (A9589)

The Faculty of Management meticulously designed its Foundation in Management programme to provide the necessary fundamental skills in management, finance and business. These skills prepare our foundation students to be more adaptive when they embark in our various Bachelor programmes in accounting, economics, management, marketing, finance and enterprise management. The Foundation in Management is a one-year foundation programme, the preferred pathway to undergraduate studies.

PROGRAMME STRUCTURE FOR FOUNDATION IN MANAGEMENT

BACHELOR IN ACCOUNTING (HONOURS)

(R3/0411/6/0071) 06/31 (A10454)

Accounting is the language of business, and accountants help business leaders make smart financial decisions. The Bachelor in Accounting (Hons) is a three-year programme that is recognised by the Malaysian Institute of Accountants, which will enable graduates with the relevant professional working experience to qualify as a Chartered Accountant Malaysia or C.A. (M). It provides students with the knowledge and skills required to become professional accountants, including digital and entrepreneurial skills. The programme is infused with A'adab®, or the values expected when one is dealing with others and the environment, which is introduced in the Halatuju 4 Programme Perakaunan published by Malaysian Institute of Accountants. The programme was designed to provide the breadth of knowledge relevant to the discipline and also impart significant values upheld by the accounting profession. The programme has also received exemptions from the following professional bodies:

- Institute of Chartered Accountants in England and Wales (ICAEW)
- Chartered Institute of Management Accountants (CIMA)
- Association of Chartered Certified Accountants (ACCA)
- Certified Practising Accountants (CPA Australia)
- Malaysian Institute of Certified Public Accountants (MICPA)
- The Malaysian Institute of Chartered Secretaries and Administrators (MAICSA)
- Chartered Tax Institute of Malaysia (CTIM)

Career Prospects: Professional accountants that may specialise in taxation, forensic accounting and investigation, auditing, management accounting, financial accounting, government accounting, and accounting information systems.

BACHELOR IN FINANCE (HONOURS)

(R3/0412/6/0105) 06/29 (A10480)

Financial expertise is essential in today's complex and evolving business landscape. The Bachelor in Finance (Hons.) equips students with comprehensive financial knowledge, strong analytical abilities, and practical industry exposure to excel in global markets and digitally driven financial environments.

This three-year programme integrates academic rigour with hands-on learning to develop a critical mindset, advanced financial competencies, and confident decision-making skills. Experiential learning is embedded throughout the curriculum and strengthened through industrial engagement, practical training, and the use of professional financial tools and databases such as Bloomberg. Graduates are well-prepared to navigate the demands of a rapidly changing global economy and the dynamic FinTech industry.

As part of the CFA University Affiliation Programme (CFA-UAP), this programme closely aligns with the CFA Institute's globally recognised curriculum. This ensures high academic quality and industry relevance while giving students a significant advantage on their pathway toward earning the prestigious CFA charter.

Professional Recognition & Exemptions

- Direct Entry to Level 2 AICB Certification Programmes (Asian Institute of Chartered Bankers)
- Eligible to sit for the CFA Level I examination in Trimester 6
- Eligible to sit for the CFA Level II examination in Trimester 9

Career Prospects: Banking and financial services, insurance and risk assessment, corporate finance, investment and portfolio management, financial planning and consultancy, financial analysis, Treasury operations, education, international trade and roles within the manufacturing sectors.

BACHELOR IN MARKETING (HONOURS)

(R3/0415/6/0028) 09/29 (A5315)

This specialised degree programme emphasises both conventional marketing theories and digital applications which are required by most industries in the market today. Students that complete this programme will be equipped with the knowledge and skills necessary to navigate the competitive world waiting for them. By the time they graduate, students of this programme will have the ability to handle the intricate challenges of modern digital marketing.

Conventional marketing theories taught in this course prepare students to understand the foundations of marketing while developing their skills to identify target markets, design marketing strategies and optimise various communication tools. This, added with the many digital based subjects offered to them, produces students with a holistic educational experience and comprehension that will be valuable across multiple industries.

Confidence, enthusiasm, competence and proficiency of modern day marketing tools are soft skills that the students of this programme will attain through the numerous presentations and practical applications that are embedded in this programme.

Career prospects: Marketing Manager/Executive, Social Media creator/administrator, SEO executive/specialist, Marketing analyst, Content marketer, Digital strategist, Product Specialist/Executive, Brand Manager, Public Relations Executive, Corporate Communications Executive and many more.

BACHELOR IN DIGITAL ENTERPRISE MANAGEMENT (HONOURS)

(R/0414/6/0433) 05/27 (MQA/SWA8844)

This innovative programme integrates management and information technology to equip students with future-ready expertise for evolving business and industry demands. It is designed to prepare graduates for an increasingly technology-driven world by developing critical knowledge and practical skills in enterprise resource planning (ERP), data analytics, machine learning, and digital transformation strategies.

The programme offers SAP Certified courses and builds industry-ready digital and enterprise capabilities through a hands-on, team-based learning approach. Students gain practical experience in SAP ERP systems, Python programming, SQL, and Power BI, enabling them to analyse data, support decision-making, and solve real business problems. With SAP used by nearly 90% of the world's largest organisations, graduates are well positioned to enter the workforce with in-demand technical competencies, strong analytical capabilities, and the confidence to contribute effectively from day one.

Career Prospects: Business Analyst, ERP Consultant, Data Analyst, Business Intelligence Analyst, Digital Transformation Executive, Business Process Consultant, IT Consultant, and Database Administrator.

BACHELOR IN ACCOUNTING (HONOURS)

(R3/0411/6/0072) 03/29 (MQA/FA2052)

Accounting is the language of business, and accountants help business leaders make smart financial decisions. The Bachelor in Accounting (Hons) is a three-year programme that is recognised by the Malaysian Institute of Accountants, which will enable graduates with the relevant professional working experience to qualify as a Chartered Accountant Malaysia or C.A. (M). It provides students with the knowledge and skills required to become professional accountants, including digital and entrepreneurial skills. The programme is infused with A'adab®, or the values expected when one is dealing with others and the environment, which is introduced in the Halatuju 4 Programme Perakaunan published by Malaysian Institute of Accountants. The programme was designed to provide the breadth of knowledge relevant to the discipline and also impart significant values upheld by the accounting profession. The programme has also received exemptions from the following professional bodies:

- Institute of Chartered Accountants in England and Wales (ICAEW)
- Chartered Institute of Management Accountants (CIMA)
- Association of Chartered Certified Accountants (ACCA)
- Certified Practising Accountants (CPA Australia)
- Malaysian Institute of Certified Public Accountants (MICPA)
- The Malaysian Institute of Chartered Secretaries and Administrators (MAICSA)
- Chartered Tax Institute of Malaysia (CTIM)

Career Prospects: Professional accountants that may specialise in taxation, forensic accounting and investigation, auditing, management accounting, financial accounting, government accounting, and accounting information systems.

BACHELOR IN BUSINESS ADMINISTRATION (HONOURS) (BANKING AND FINANCE)

(R4/0414/6/0348) 05/31 (MQA/FA1997)

This three-year programme prepares students with the skills necessary to meet the business demands of today and the future. The curriculum provides a solid business core that includes an extensive background in banking and finance and the functional business areas. It also equips students with skills in handling financial products, product development and working within the global banking and finance industry.

The programme is included in the CFA Institute University Affiliation Programme as it embeds a significant portion of the CFA Programme Candidate Body of Knowledge (CBOK) - including the Code of Ethics and Standards of Professional Conduct into the curriculum. An affiliated University signals to their students and to employers that the curriculum is closely tied to the practice of investment management and is helpful to students preparing for the CFA® Programme exams.

Career Prospects: *Financial Manager, Credit Analyst, Loan Officer, Branch Manager, Trust Officer, Financial Analyst, Investment Advisor, Financial Planner, or even as a Business Owner.*

BACHELOR OF BUSINESS ADMINISTRATION (HONOURS) (INTERNATIONAL BUSINESS)

(R3/0414/6/0361) 03/27 (MQA/FA2053)

Students enrolled in this three-year course will delve into the world of business management from a global perspective. They will gain an understanding of contemporary global business issues and practices, as well as national differences in political economy, culture, legal and regulatory frameworks, global trade, monetary and investment environments, strategies for global operations, international marketing, and human resources. The programme includes international business competitions, exhibitions, excursions, talks, forums and debates, training, international exchange programmes, and opportunities for work placements at multinational corporations and industry-related research projects. By incorporating various industry-related activities, this programme transforms students into true global citizens comfortable working and adapting to different cultures and environments.

A wide range of institutions and corporations worldwide value the skills and knowledge provided by this programme, whether they are multinational corporations, inter-governmental and non-profit organizations, or emerging local corporations with prospects for global expansion. Our formidable list of alumni is made up of graduates serving these institutions locally and abroad.

Career Prospects: Managers and executives in multinational corporations; business owners; analysts, advisors, and specialists in banking and financial services; logistics; import-export management; production and operations; international marketing; HRM; and other service-oriented professions.

BACHELOR OF BUSINESS ADMINISTRATION (HONOURS) DIGITAL BUSINESS MANAGEMENT

(R3/0414/6/1050) 06/27 (A7961)

Bachelor of Business Administration (Hons.) Digital Business Management programme is crucial to succeed in the future artificial intelligence driven workforce. This programme equips students with essential IT, business, marketing and management skills in shaping strategic direction for digital business transformation. Students are exposed to essential business analytics skills which are crucial for making rapid and accurate decisions in a hyper-competitive digital business world. This programme allows students to be exposed to cutting-edge web and mobile technologies to gain competitive advantage from artificial intelligence driven digitalization wave.

This programme offers courses that are SAP-certified, Microsoft-certified, ISACA-Certified and PeopleCert-Certified. ISACA certification is enhanced credibility and trust in Information system governance, Artificial intelligence, and cybersecurity expertise. PeopleCert certification is global recognition of data science professional competence. SAP is a world-recognised Enterprise Resource Planning software certification, which is essential for the digital transformation of traditional business. Microsoft certification demonstrates to future employers that graduates from this programme are proficient in the specific real-world skills associated with digital business management roles. This programme puts classroom learning into practice through I-cadetship. Academic lessons and I-cadetship will be complemented with real-life case studies, field trips, competitions, first-hand information from guest speakers and interactive teaching approaches that maximise learning outcomes.

Students would be guided by industry practitioners to solve problems that digital companies face. Through industrial attachment, industry-based assignments and industrial final year projects, students would be well prepared for better communication with business correspondence. Upon graduation, students of this programme would be able to play a significant role in decision making to develop strategic digital business practices, redesign and streamline digital business management processes for the digital transformation of the organizations.

Career Prospects: *Digital Communication Specialist, Digital Marketing Specialist, Digital Sales Manager, Digital Business Consultant, Project Manager, System Developer, Technology Manager, Chief Information Officer, Business Intelligence Analyst, Knowledge Analyst, Digital System Developer, Enterprise Portal Developer, Data Analyst, Web Developer, Mobile Developer, Digital Content Creator, Social Media Analyst.*

DIPLOMA IN BUSINESS ADMINISTRATION

(R3/0414/4/0398) 08/27 (A7819)

This programme is designed to equip students with a comprehensive understanding of key business concepts and skills, preparing them for a wide range of roles within the business world. Within the two years programme, it provides students with a solid foundation in core business principles, including finance, marketing, management, economics and information technology.

Throughout the programme, students also gain hands-on experience through case studies, projects, and simulations, allowing them to apply theoretical concepts to real-world business scenarios. This practical approach enhances their problem-solving and decision-making skills. The curriculum provided is designed to align with current industry trends and demands, ensuring that students acquire skills that are highly relevant to today's dynamic business environment.

While Industrial Training is an optional opportunity for students, it undoubtedly offers them the chance to apply their skills in a real-world setting. This experience unquestionably sets them apart in the job market.

The programme often facilitates networking events, workshops, and guest lectures by industry leaders. Building connections within the business community is crucial for future career opportunities, and these events provide a platform for students to interact with professionals.

At the end of the programme, students emerge as inspired and innovative graduates, fully equipped to meet the challenges of a highly competitive global environment. After completion of the diploma programme, students can opt for a related degree programme from either the Faculty of Business or Faculty of Management, except for the Bachelor of Financial Engineering (Hons.)
